Safe travels and good luck to our band and orchestra students traveling to Chicago for performances, touring, and workshops this weekend.

We wish everyone a great long weekend and are extremely grateful for our Friday professional development day. Teachers at the high school participated in whole group sessions on Positive Behavior Interventions and Supports and LGBT legal and support update sessions. They also had department and small group time to collaborate and prepare for curriculum revision, technology integration, new state assessment preparation, and vertical articulation. There have been a tremendous amount of changes in education from both state mandates, evolving technology, changes to college entrance tests, and standards adoptions in recent years and professional development days help our staff be prepared and trained to adjust to these new developments in education. Good luck to all of our Tigers competing this weekend!
